Who Are Trying to Lead His Daughter Astray.

H. I. Keller, late of Danbury, Texas, says the Anderson, Ind., Bulletin, is in the city.

He is here to secure the arrest of D. Barrett, of Seymour, Ind., and others who have been trying to lead his seventeen-year-old daughter, Hattie, astray. He has letters that will convict the parties, and these letters have been placed in the hands of a government postoffice inspector.

WEST FROM LIMA.

About seven years ago Mr. Keller went with his wife and three children from Lima, O., to Springfield, Mo. He was a railroad conductor on the Frisco road. Mrs. Keller got into a correspondence with a Dr. Luak, of Bolivar, Mo., about some unexplained medicine. This correspondence ripened into obsession. Upon the trial of Luak Mrs. Keller committed perjury and was sent to the Missouri penitentiary last May a year ago on a two years sentence. Then her daughter, Hattie, came to Lima.

To live with her aunt, Mrs. Laura Cahill, who is a sister of Mrs. Keller and lives on East Ninth street. Some time since Mrs. Cahill wrote to the girl's father, who was then in Danbury, Texas, telling him that Barrett, of Seymour, and some well known Anderson chaps were using every effort to lead the girl astray. The matter was placed in the hands of the United States officers and now there is evidence enough at hand to convict at least two of the fellows.

The girl has been shown the gravity of the situation and is thoroughly frightened. Her father declares that if he does not protect his daughter he will do so at the end of a gun. There is trouble ahead for the Anderson boys and Mr. Barrett, of Seymour.

JUDGE YODER'S CANDIDACY.

For Re-election as Sergeant-at-Arms of the National House of Representatives.

Contested by Hon. S. E. Johnson, of Ohio, and Hon. H. W. Snow, of Ill.

A telegram from Washington, D. C., this describes the coming contest for Judge Yoder's position of Sergeant-at-Arms of the Lower House of Congress, which will now be largely on in anticipation of the extra session of Congress to convene August 6.

The office of most interest to Ohio people is that of Sergeant-at-Arms, over which there is likely to be a contest.

Judge Yoder, the present incumbent, is a candidate for re-election. His opponents are Mr. S. E. Johnson, whose home is in Cincinnati, and ex-Congressman Snow, of Illinois. In regard to this contest the evening Star publishes the following:

"For the positions of Sergeant-at-Arms and Doorkeeper there is a battle to be fought. The probabilities that the affair will be decided down to an easy selection by the time the caucus meets."

"For the office of Sergeant-at-Arms, ex-Sergeant-at-Arms, the present incumbent, is a strong candidate."

He, however, has some strong candidates against him. From his own State, Ohio, comes a champion to do battle for the honor in the person of Mr. S. E. Johnson, of the Cincinnati Enquirer. Ohio, however, is not the only State to send a champion. He enters the list in the person of ex-Congressman Benjamin W. Snow. There are other possible candidates mentioned who are likely to crop up under certain contingencies.

"The conditions surrounding the office of Sergeant-at-Arms are peculiar and different from any other House officers. The office carries comparatively little pay, but it is an appointment falling under it. The personal relations between the members of the House and the Sergeant-at-Arms are of the most confidential and confidential. This is the office that pays the salaries, makes advances and does innumerable little favors for the members. It is a usual of the House that the member who has the most popularity and the feeling of confidence."

"HIGH MEMBERS HAVE IN HIM."

"A man who has served a term satisfactorily as Sergeant-at-Arms has an advantage over any new aspirant, through the confidential relations he has built up with old members. On the score of personal popularity, all three of the candidates mentioned are strong. Mr. Yoder is an ex-Congressman and was exceedingly popular as Sergeant-at-Arms. Mr. Johnson is a well known, able and extremely popular newspaper man, with a wide acquaintance with public men and a large number of personal friends. Mr. Snow is an ex-Congressman from Illinois, a wealthy man and a hard fighter."

"The question will rest a large measure with the Ohio delegation, and should either of the Ohio candidates obtain a large majority of the delegation it is probable that other candidates would be handicapped. However, the Ohio delegation went into the caucus divided and wrangling, and chances were in its favor of some outsider, possibly some one not yet mentioned. Mr. Yoder's friends claim to be entirely confident that he will have no opposition by the time the caucus meets. They claim that already a majority of the Ohio delegation have promised him their support, and that a canvass of the whole House gives him a majority. On the other hand, Mr. Johnson's friends are equally confident, especially as to the Ohio delegation."

BURIED YESTERDAY.

Funeral Services of H. M. Nelson Largely Attended.

The funeral services of Mr. H. M. Nelson, of Findlay, were held from the Deschamps church on West Wayne street, at three o'clock yesterday afternoon and was one of the largest ever held in this city.

The remains were removed from the residence of Mr. John Thomas, No. 609 West Market street, escorted by about one hundred Knights of Pythias and friends, at 2:30 o'clock yesterday afternoon.

The funeral procession was delivered by Rev. Rice, of Findlay, who was assisted by Rev. DeMiller, the local pastor. The remains were interred in Woodlawn cemetery, while they were escorted by a large number of people.

Among the relatives who accompanied the bereaved wife and child were Wm. Dransfield, of Findlay, and two brothers of the deceased from Marion.

About two hundred members of the K. of P. lodge at Findlay came down in a special car and the Ada and Lima lodges were also in attendance. There was quite a number of citizens from Findlay. Mr. Nelson, having been a prominent citizen of the latter city, his death is a great loss, especially to the members of the K. of P., of which order he was an esteemed member.

NO CHANGE.

Will be Made in Holding the Convention.

Chairman Critch Declares the Original Date Will be Adhered to.

The proclamation of President Cleveland, calling an extra session of Congress to convene on the 17th of next month, has aroused a great deal of speculation as to whether the date for holding the Democratic convention, which is set for the 9th and 10th of the same month, would be changed.

Auditor C. D. Crites, of this city, is chairman of the State Central Committee, and was seen by a representative of the Times-Democrat in regard to the matter. He said that the date would not be changed. The committee, he said, did not think would be urged to change the date.

Auditor Crites and family left this morning for northern Michigan, where they will spend a month, returning in time for the convention at Cincinnati.

UNDER THE WHEELS.

Will Quillen Lose a Leg at Fostoria—An Unlucky Brakeman.

Brakeman W. L. Quillen, of the L. E. & W. road, was run over by an engine at Fostoria at 6 o'clock this morning and had his right leg badly crushed.

Quillen left here on the first section of east bound freight No. 114 at 11 o'clock last night, and was working on the Chicago and Toledo road. He was about ready to couple onto their train to leave the yards and the engine was backing down one of the tracks when Quillen attempted to get on a step attached to the tank, but missed his footing and fell under the engine. With drivers and the engine trucks passed over his right leg just above the ankle, crushing and mangle it in a horrible manner. He was carried to the depot and later removed to a boarding house, where the leg was amputated between the ankle and knee.

Quillen came here several months ago to get work in order to help support his mother, who is a widow and lives in the country six miles west of Anna station. He was not very successful in getting work and was finally compelled to take a position as a switchman in the L. E. & W. yards. He only worked about a week when he was injured by the engine.

When he returned to work it was only two weeks until he had one of his hands mangled in making a coupling, and was again laid up for about eight weeks. Last week he reported for work again, worked two days and went out last night to meet with another misfortune.

A telegram was sent Mrs. Quillen telling her of her son's accident.

Curtis Beecher, single, aged twenty-four, was struck by west bound P. Ft. W. & C. passenger train No. 3, due here at 3:30 p. m., at 11 a. m. yesterday morning, and instantly killed. The accident happened near his home near the railroad four miles east of Lucas. The road is a double track, and two passenger trains, which usually pass at Lucas, passed at this point. Beecher was talking with a crew of section men and saw only the east bound train approaching. He stepped from one track to the other in time to be struck by the west bound train.

Silver Polish Instead of Tooth Powder.

A mistake which came near resulting seriously occurred yesterday in a Fourth avenue home, in consequence of which one of Louisville society girls is in some trouble. This young woman, who is an only daughter, went into her room to brush her teeth before going to dinner. It appears that the maid had been cleaning some silver in this room, but had carelessly left the preparation used for tooth powder and silver cleaning preparation are very much alike, and the girl thoughtlessly opened the wrong box and began vigorously to brush her teeth. Suddenly she felt a strange sensation, as if she had put the lighted end of a cigar in her mouth, and noticing more closely she discovered her mistake. By this time her mouth felt as though it contained a gasoline stove, and she rushed into the next room and told her mother of her unfortunate error.

A physician was immediately telephoned for, and while the suffering girl awaited his arrival her anxious mother pilled vasoline, cotton and numerous patent medicines into her daughter's burning mouth. When the doctor arrived, he found the case quite serious, as the silver cleaning powder contained a quantity of alkali and other powerful agents. The sufferings of the young woman were finally soothed, but she will be confined to the house for at least two weeks and partake of only the softest of foods.—Louisville Courier-Journal.

Medals For Every One at Chicago.

John Boyd Thatcher has installed his bureau of awards. The principle which will govern the giving of awards is the most of the exhibit as compared with a fixed standard of excellence and not with the exhibit of a competitor.

There is a pleasant prospect ahead for exhibitors, inasmuch as the number of medals will be in excess of 50,000. The chances, therefore, are that any man who has a good exhibit will get a medal. The medal will be of bronze only, and not, as under the old system, of gold and silver and bronze, representing three degrees of merit. Under the law the number was not to exceed 50,000. The number, however, has been increased to 82,000, which will probably cut the number of medals down to about 30,000. Under the law it will be impossible to counterfeit them without incurring a heavy penalty.

August St. Gaudens has made the design, and the front of the medal has already been made in the government mint. The front represents Columbus in the foreground. He is shown in full figure, with outstretched hands, standing in a reverential and awe-struck attitude. One foot is on the shore and the other on a small boat. The diploma which will accompany the medal has an elaborate allegorical design about the border, leaving space in the center for the statement of excellence of the exhibit.—Chicago Tribune.
